

2023-24 Local Control and Accountability Plan Mid-Year Review for Dependent Charter Schools

Local Control holds LEAs accountable to reflect their beliefs in their budget and planning.

CORE BELIEF

We recognize that our system is inequitable by design and we vigilantly work to confront and interrupt inequities that exist to level the playing field and provide opportunities for everyone to learn, grow and reach their greatness.

SCUSD GUIDING PRINCIPLE

All students are given an equal opportunity to graduate with the greatest number of postsecondary choices from the widest array of options

Understanding “Locally-Funded” Dependent Schools

State, Federal, Local and Granting Agencies Allocate Funds to each LEA
Most are “per ADA” some are block amounts

Charters

Allocations Go
Directly to School;
Charter Board
Governs Spending
and Accountability

The school and local steering committee
create accountability plans and make
spending decisions for the school based on
annual allocation and total fund balance.

Schools pay District
via invoice for
oversight (1%) and
other fees

District places all funds allocated to the school in
an account and pays the schools costs out of
that account; District board approves budgets
and accountability plans

Understanding “Locally Funded” or “Dependent” Schools

- Charter Schools are authorized by a district or county to operate with *some degree of independence* from the district
- Authorizers are tasked with overseeing that their charters are operating within the the law.
- SCUSD authorizes 5 “dependent” or “locally-funded” charter schools
 - Dependent: Have a closer relationship with authorizer but are still their own LEA
