Recommendation : Approve revision to Board Policy 5113.

Background/Rationale : Education Code 48205 establishes the conditions under which students may be lawfully absent from school, including personal illness or 1 y. District students face mental health challenges throughout their education. In order to recognize the mental health issues of students and help reduce stigmatizing attitudes of prejudice and exclusion, revisions to the policies concerning absences and excuses are necessary and specifically, the definition of "health reasons" in the context of excused absences. No prior updates to BP 5113 have occurred since its adoption in 2002. Such updates and enactment include language in the CSBA Gamut model policies. The District plans to adopt AR 6173, which includes language in the CSBA Gamut model regulations.

California Education Code 48205 establishes the conditions under which students may be lawfully absent from school, including personal illness or injury.

The U.S. Department of Health and Human Services' Office of Disease Prevention and Health Promotion closely links mental health and physical health. The 2008 federal Mental Health Parity and Addiction Equity Act (MHPAEA) put care and treatment of mental health and substance use disorders on equal footing – or “parity” – with physical health care.

The recent California Healthy Kids Survey of District students indicated that on average one in five students has considered suicide in the past 12 months. Striving for Zero, California's Strategic Plan for Suicide Prevention urges all Californians to play a role in suicide prevention and promoting health and wellness.

The current version of Board Policy 5113 was adopted in 2002 and has not yet since been revised. The proposed revisions to Board Policy 5113 are based on the updates provided by the California School Boards Association (CSBA). Further, the revised board policy now recognizes the mental health issues of students and helps to reduce stigmatizing attitudes of prejudice and exclusion by including mental health reasons in the context of excused absences under Education Code 48205.

The District plans upon the revision of Board Policy 5113 to adopt the enclosed administrative regulation concerning absences and excuses. AR 5113 is based on the updates provided by the CSBA and follows the Education Code. AR 5113 furthermore addresses excusing absences for illness or medical appointments (physical and/or mental health).

Pursuant to Education Code 48205(a):

- (a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
 - (1)

- (5) For the purpose of jury duty in the manner provided for by law.
- (6) Due to the illness or medical appointment during school hours of a child of whom the pupil is the custodial parent, including absences to care for a sick child for which the school shall not require a note from a doctor.
- (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of the pupil's religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and approved by the principal or a designated representative pursuant to uniform standards established by the governing board.
- (8)

The U.S. Department of Health and Human Services' Office of Disease Prevention and Health Promotion closely links mental health and physical health; and the 2008 federal Mental Health Parity and Addiction Equity Act (MHPAEA) put care and treatment of mental health and substance use disorders on equal footing or "parity" –
