Bullying Prevention and Intervention Overview  
November 1, 2018

**I. Overview/History of Department or Program**

SCUSD was one of the first school districts in the region to tackle the important issue of bullying by the convening of a Bullying Prevention Task Force in the 2010-2011 school year. More than 100 school and community leaders came together to analyze the issue at every level and make recommendations. SCUSD was also an area leader by implementing Board Policy and Administrative Regulations to specifically address bullying in 2011. SCUSD is still one of the few districts in the area that have a full-time dedicated staff member.
