Public Hearing

<u>Division</u>: Facilities Support Services

Recommendation: Approve Resolution No. 3027.

<u>Background/Rationale</u>: SCUSD has an opportunity to participate in a grant funding bus replacement program awarded by the California Energy Commission (CEC) through SB 110 which gives priority to the oldest school buses, or school buses operating in disadvantaged communities and to schools that have a majority of students eligible for free or reduced-price meals in the year prior. The CEC requires a Resolution from the Governing Board approving the application and authorizing the District to accept a grant for school bus replacement and electric bus charging infrastructure improvements.

<u>Financial Considerations</u>: Possible, though unlikely, bus charging infrastructure costs beyond the 'up to' \$60,000 per bus awarded through the grant.

LCAP Goal(s): Safe, Clean and Healthy Schools
