

II. General Instructions

Provide a brief description of your firm including educational, professional experience with K-12 school programs, other significant educational design work, types of design services and number of employees.

Identify the percentage of your work that is public or educational.

B. Performance Standards

Construction Administration:

1. Describe your project administration practices and procedures. Describe the process to be used to administer the construction phases, e.g., meetings, site visits, requests for information, etc. Include information regarding Requests for Information and average response time.
2. Describe your firm's experience with the DSA Construction Oversight Process.
3. Describe your firm's experience with the DSA Construction Oversight Process, including clarification, and to change requests.
4. Describe your firm's experience with the DSA Construction Oversight Process, including consulting professionals.
5. Describe your process to ensure that designs are efficient and cost effective to construct.
6. Describe your methods for determining the validity and cost responsibility of change orders.
7. Describe your experience in designing and administering the construction and/or modernization of schools with short timelines.
8. When is it beneficial to have a Construction Management firm working on a project? What would prompt you to recommend a Construction Management firm to the District?
9. If any of the following has occurred, please describe in detail the circumstances for each occurrence:

Failure to enter into a contract once selected/awarded.

Withdrawal of a proposal as a result of an error.

Termination or failure to complete a contract.

Debarment by any municipal, county, state, federal, or local agency.

Involvement in litigation, arbitration, or mediation.

Conviction of the firm or its principals for violating any federal or state law related to architecture practice or contract performance.

Knowing concealment of any deficiency in the performance of a prior contract.

Falsification of information or submission of deceptive or fraudulent statements in connection with a contract.

Willful disregard for applicable rules, laws, or regulations.

Information regarding any of the above may be deemed to indicate an unsatisfactory record of performance.

Project Close Out

1. Describe your responsibilities at construction completion. Include your methods for reviewing and resolving punch list items and confirming that equipment and other elements of the project function properly.
2. Describe your process for obtaining DSA certification.

C. Experience and Strengths

Capabilities:

When answering these questions, please include the individual(s) in your firm who have this knowledge/experience/qualification and what project demonstrates this skill/ability.

1. Describe your commitment to energy conservation and sustainability and how you view sustainability in relation to the design of existing buildings. Include your familiarity with new, emerging energy technologies, such as high-performance glazing, waste energy recovery, energy management systems, etc.

[Date]

MASTER AGREEMENT FOR ARCHITECTURAL SERVICES

This Master Agreement for Architectural Services ("Agreement") is made and entered into by and between the Sacramento City Unified School District, a school district duly organized and existing under the laws of the State of California (the "District"), and ***Insert Data Here*** (the "Architect"), with respect to the following recitals:

A. District proposes to undertake the construction of improvement projects which require the services of a duly qualified and licensed architect.

B. Architect represents that Architect is licensed to provide architectural/engineering services in the State of California and is specially qualified to provide the services required by the District, specifically the design and construction oversight of public school(s).

C. The parties have negotiated the terms pursuant to which Architect will provide such services and reduce such terms to writing by this Master Agreement.

In consideration of the covenants and conditions contained in this Master Agreement, the parties agree as follows:

ARTICLE 1

DEFINITIONS

- 1.1 Additional Services: "Additional Services" shall mean those services in addition to the Basic Services that are provided by Architect and authorized in writing by the District, and as further defined in Article 6 herein.
- 1.2 Agreement: "Agreement" shall mean this Master Agreement for Architectural Services.
- 1.3 Architect: "Architect" shall mean ***Insert Data Here***, and its officers, shareholders, owners, partners, employees, agents and authorized representatives.
- 1.4 Basic Services: Architect's Basic Services consist of the design services, including landscaping architectural services and landscape irrigation design, civil, structural, mechanical, and electrical engineering services, normally required to complete the Project, as further defined in Article 5.
- 1.5 Contract Documents: "Contract Documents" shall mean those documents which are required for the actual construction of the Project, including but not limited to the Agreement between Owner and Contractor, the Project Authorization Form attached hereto as Exhibit A, complete working drawings and specifications setting forth in detail sufficient for construction the work to be done and the materials, workmanship, finishes and equipment required for the architectural, structural, mechanical, electrical system and utility-service-connected equipment and site work.
- 1.6 Contractor: "Contractor" shall mean one or more contractors ultimately selected to perform work on the Project or any replacement.
- 1.7 District: "District" shall mean the Sacramento City Unified School District, and its governing board members, employees, agents and authorized representatives.

1.8 Project:

4.3.2 Expense of reproductions; fax, postage and messenger for transmission of drawings, specifications and other documents (excluding reproductions for the office use of the Architect and the Architect's consultants).

4.3.3 Expense of data processing and photographic production techniques when used in connection with Additional Services.

4.3.4 If authorized in advance by the District, expense of overtime work requiring higher than regular rates.

4.3.5 Expense of renderings, models and mock-ups requested by the District; expense of publishing pursuant to section 5.6.5.

Reimbursable Expenses do not include indirect costs, such as general overhead (for example, home office overhead [including technology hardware and software] or insurance premiums), for which Architect must pay out of its compensation for services under Section 4.1, above; nor do they include expenses incurred in connection with Basic or Additional Services that result from Wrongful Acts or Omissions. Architect may not charge a mark-up on Reimbursable Expenses. Payment for all Reimbursable Expenses incurred in connection with either Basic or Additional Services shall be made on a monthly basis. Invoices, receipts or other documentation to establish the validity of all reimbursable expenses shall be a prerequisite to District payment of such expenses.

- 4.4 Each payment to Architect for Basic and Additional Services satisfactorily performed, and Reimbursable Expenses reasonably incurred, shall be made in the usual course of District business after presentation by Architect of a properly documented and submitted monthly invoice approved by District's authorized representative designating the services performed, or Reimbursable Expenses incurred, the method of computation of the amount payable, and the amount payable. District shall pay approved invoices within sixty (60) days after proper submission by Architect, and Architect otherwise waives all rights and remedies under law related to receipt of payment. To be properly submitted, an invoice shall be timely, be accompanied by all necessary documentation, list all activities performed and specify to which phase of the Architect's work listed in Section 4.1.1 it relates, and for each activity performed list the person performing it and the person's rate of compensation. Architect's invoice shall be submitted within ten (10) days of the end of the monthly billing period. If District disputes a portion of a properly submitted invoice, it shall notify Architect of the dispute and, upon Architect's written request, arrange for a meeting to confer about, and potentially resolve the dispute. Prior to this meeting, Architect shall provide all documentation requested to support disputed portions of properly submitted invoice. Regardless of any such dispute about an invoice or payment, Architect shall continue to provide all services required by this Master Agreement and law until the end of the Project, even if District and Architect cannot resolve all such disputes.
- 4.5 The Architect's compensation shall be paid at the time and in the amount noted, where the amount due to the Architect is not disputed, notwithstanding a Contractor-caused delay in completion of the project or reduction of final construction cost by reason of penalties, liquidated damages, or other amounts withheld from the Contractor. However, District may withhold from payments to Architect to the extent that (i) Basic and Additional Services remain to be performed, including but not limited to those required for project closeout and payments to Contractor; and (ii) Wrongful Acts or Omissions caused District to incur damages, losses, liabilities or costs, including but not limited to withholding any amounts for which Architect is responsible under Section 5.7.20.

Master Agreement or completion of the Project, shall have returned to it by Architect any designs, plans, specifications, studies, drawings, estimates or other documents prepared as part of the testing.

5.2.5 Architect shall assist the District and its consultants to apply for funding for the Project from the State Allocation Board. Architect shall be responsible for all submittals required of the Architect by the Division of the State Architect ("DSA"), Office of Public School Construction ("OPSC") and California Department of Education in connection therewith, including but not limited to: New Construction Program, Modernization Program, Career Technical Education, Critically Overcrowded Schools, Emergency Repair Program, Facility Hardship Program, High Performance Incentive, Joint-Use Program, Overcrowding Relief Grant and the Seismic Mitigation Program.

5.3 Schematic Design Phase

5.3.1 The Architect shall review all information concerning the Project delivered or communicated by the District to the Architect to ascertain the requirements of the Project and shall arrive at a mutual understanding of such requirements with the District.

5.3.2 The Architect shall provide a preliminary evaluation of the District's Project, schedule and construction budget requirements, each in terms of the other.

5.3.3 The Architect shall review with the District alternative approaches to the design and construction of the Project, and shall include alternatives that may reduce the cost of the Project.

5.3.4 Based on a mutual understanding of the District's budget and scope of work TJET on 0 1 JET413(at)f1 0 0.82 Tmhe

plans, elevations and other approved dr

Architect may not shift its responsibility for completeness, accuracy and coordination to the Contractor, except on a clearly designated design-build project. Architect shall also update the construction schedule and the Project Construction Cost for District approval. The Contract Documents shall conform to, comply with, and satisfy all applicable Federal, State and local laws, including but not limited to statutes, decisions, regulations, building or other codes, ordinances, charters, and the Americans with Disabilities Act ("ADA"). As part of the Contract Documents, Architect shall prepare an accurate set of drawings indicating dimensions and locations of existing buried utility lines, which shall be included in the bid packages. This project will not be delivered utilizing Construction Management, Multi Prime.

5.5.2 Architect shall consult with and involve the District in development of the bid documents and bid package, and shall forward them to the District for written approval prior to their use. If the District is using a multiple prime delivery method for the Project with multiple bid packages, then Architect shall consult with and involve the District in identification and development of the bid documents and bid packages, and shall forward them to the District for written approval prior to their use.

5.5.3 Prior to submission of the Contract Documents to DSA for plan check, the Architect shall submit the Contract Documents to the District for an opportunity to review them for various issues, including but not limited to constructability, scheduling, general completeness, clarity, consistency, coordination, cost-effectiveness, value engineering, identification of possible add/delete bid alternatives, time of construction, and suitability for separation of the Project design, plans and specifications into bid packages for various categories and/or portions of the work. However, such review by District is not required and does not affect Architect's obligations under this Agreement. In addition, and prior to submission of the Contract Documents to DSA for plan check, Architect shall advise the District of all elements of the design applicable to the Project or lawfully imposed upon the Project by the Americans with Disabilities Act ("ADA").

5.5.4 After approval by the District's governing board and any constructability review, the Architect shall submit the Contract Documents to DSA for plan check, and make the necessary corrections to secure DSA approval. At Architect's expense, Architect shall arrange for the scanning of the DSA approved Contract Documents and for the return of the originals and an electronic copy to DSA.

5.5.6 The Architect shall give the District, at the time of DSA approval of the final form of the Contract Documents, Architect's final estimate of Project Construction Cost-

5.6 Bidding and Negotiations Phase

5.6.1 Following DSA's and District's written approval of Contract Documents and the District's written acceptance of Architect's final estimate of Project Construction Cost and construction schedule, Architect

record; and (d) Coordinating with the Owner, Contractor, Construction Manager, and laboratories, and the IOR to meet the DSA Construction Oversight Process requirements without delay or added costs to the Project.

Architect shall be responsible for any additional DSA fees and delay damages related to review of proposed changes to the DSA-approved construction documents, to the extent Architect's negligence, recklessness or willful misconduct caused the additional DSA fees, and for delay damages to the extent required under Section 5.7.20.2 below.

5.7.9 The Architect shall visit the site enough times to adequately perform its professional duties and comply with DSA requirements and as requested by the District, but under no circumstances less than one time per week (unless fewer visits are authorized by the District), to maintain familiarity with the quality and progress of the Project, to determine that the Contractor's work substantially complies with all documents, drawings, plans and specifications and that the Project is progressing in substantial accordance with the Contract Documents. Such observations are to be distinguished from the continuous inspection provided by the Project Inspector unless Architect has agreed in writing to serve as the District's Project Inspector.

5.7.10 The Architect shall notify the District promptly of any significant defect in materials, equipment or workmanship, and of any default by any Contractor in the orderly and timely prosecution of the Project. Architect will exercise reasonable care in the discharge of Architect's obligation to discover significant defects and faults.

5.7.11 The Architect shall review and approve, take exception to, or take other appropriate action upon all schedules, shop drawings, samples and other submissions of the Contractor to determine general conformance with the Project design and specifications as set forth in the Contract Documents. All such action shall be taken within fourteen (14) days of receipt of the submittals, unless the critical path of the Project is impacted in which case Architect shall take such action as soon as possible. If Architect is not able to take such action within the required time due to reasons beyond Architect's control, the Architect may take action within a reasonable period of time under the circumstances; however, the Architect shall make such determination within four (4) calendar days of receipt of the submission, and shall notify the District and Contractor immediately after such determination with an explanation as to why the Architect cannot take action within the time required, what the Architect is doing to expedite its response, when the Architect expects to be able to issue a response, and what action, if any, should be taken by District or Contractor in the meantime to mitigate delays and/or costs. The Architect will have the authority to reject work and materials which do not conform to the Contract Documents. The Architect's approval of a specific item shall not be an approval of an assembly of which the item is a component. Whenever, in the Architect's reasonable judgment, it is considered necessary or advisable for the implementation of the intent of the Contract Documents, the Architect will have authority to require special inspection or testing of the work or materials in accordance with the Contract Documents whether or not such work or materials be then fabricated, installed or completed. The Architect will also recommend substitution of materials or equipment when, in the Architect's reasonable judgment, such action is necessary to the accomplishment of the intent and purpose of the Contract Documents. Such actions as are described in this paragraph shall be taken with reasonable promptness.

5.7.12 Architect shall assist

ARTICLE 6

ADDITIONAL SERVICES TO BE RENDERED BY ARCHITECT

- 6.1 "Additional Services" shall be provided by Architect if authorized in writing by District. No additional compensation shall be paid to Architect for performing these Additional Services unless the District and the Architect agree in writing as to the amount of compensation for such services prior to such services being rendered. Such compensation shall be computed as set forth in Article 4.2.1 and as otherwise set forth in this Master Agreement. Any work performed by Architect without written authorization OR without written agreement on compensation shall be presumed to be Basic Services.
- 6.2 The following is a list of services that are not included in the Basic Services to be provided under this Master Agreement, and will be performed only in accordance with Article 6.1, above:
- 6.2.1 Providing financial feasibility or other special studies;
- 6.2.2 Providing services relative to future facilities, systems and equipment which are not intended to be constructed during the Construction Phase;
- 6.2.3 Providing coordination of Project performed by separate contractors or by the District's own forces;
- 6.2.4 Providing analyses of owning and operating costs, or detailed quantity surveys or inventories of material, equipment and labor;
- 6.2.5 Making revisions in drawings, specifications or other documents when such revisions are inconsistent with written approvals or instructions previously given, are required by the enactment or revision of codes, laws or regulations subsequent to the District's approval of Contract Documents or are due to other causes not within the control of the Architect;
- 6.2.6 Providing consultation concerning replacement of any work damaged by fire or other cause during construction of the Project, and furnishing services as may be required in connection with the replacement of such work;
- 6.2.7 Providing services made necessary by the default of the Contractor;
- 6.2.8 Preparing to serve or serving as an expert witness in connection with any public hearing, arbitration proceeding or legal proceeding, other than when resulting from Architect's or its consultants' alleged Wrongful Acts or Omissions;
- 6.2.9 Providing services of consultants for other than the normal architectural, civil, soils, structural, mechanical and electrical engineering services for the Project;
- 6.2.10 At the District's request, selecting moveable furniture, equipment or articles which are not included in the Contract Documents;
- 6.2.11 Providing services related to change orders requested by the District but which are not subsequently authorized (see the second sentence of Section 5.7.19.1, above); and

District a Certificate of Insurance, Additional Insured Endorsement and Declarations Page for the period covered by this Master Agreement, for public liability and property damage with an insurance carrier satisfactory to the District, under forms satisfactory to the District, to protect the Architect and District against loss from liability imposed for damages (1) on account of bodily or personal injuries, including death, disease and sickness, accidentally suffered or alleged to have been suffered by any person or persons that may be caused directly or indirectly by the performance of this Master Agreement, and (2) on account of injury to or destruction of property, including the resultant loss of use of the Project or other District facilities or equipment, resulting from acts of commission or omission by the Architect, or otherwise resulting directly or indirectly from the Architect's operations in the performance of this Master Agreement. The District shall be named as an additional insured on all such policies.

- 8.2 The following insurance shall be maintained by the Architect in full force and effect during the entire period of performance of this Master Agreement, including any extensions, and shall be written on an "occurrence" basis, with specific limits set forth in the Project Authorization: Commercial general liability insurance, excluding coverage for motor vehicles, personal and advertising injury aggregate, Automobile liability insurance covering motor vehicles. Such insurance or liability coverage shall at least include "broad form" commercial general liability, errors and omissions (exclusive of design professional liability), and automobile liability (owned, non-owned, and hired) coverages. Said insurance shall provide that the coverage afforded thereby shall be primary coverage (and non-contributory to any other existing valid and collectable insurance) to the full limit of liability stated in the Declarations Page and such insurance shall apply separately to each insured against whom claim is made or suit is brought, but the inclusion of more than one (1) insured shall not operate to increase the insurer's limits of liability. Said insurance shall also include a waiver of any subrogation rights as against the District. Each party, and their respective directors, officers and employees, shall be listed as "additional insureds" under such coverages, as evidenced by an Additional Insured Endorsement. Each party also represents that for the period of this agreement, they will also purchase and maintain insurance or liability coverage as required by law or regulation, including worker's compensation and employers' liability coverage (coverages A and B).
- 8.3 The Architect's insurance policies shall contain a provision for thirty (30) days written notice to the District of cancellation or reduction of coverage. The Architect shall name, on any policy of insurance required, the District as an additional insured. The Additional Insured Endorsement included on all such insurance policies shall state that coverage is afforded the additional insured with respect to claims arising out of operations performed by or on behalf of the insured. If the additional insureds have other insurance which is applicable to the loss, such other insurance shall be on an excess or contingent basis. The amount of the insurer's liability shall not be reduced by the existence of such other insurance. Architect shall not commence work under this Master Agreement until all required insurance certificates, declarations pages and additional insured endorsements have been obtained and delivered in duplicate to the District for approval subject to the following requirements. Thereafter Architect shall produce a certified copy of any insurance policy required under this section upon written request of the District.
- 8.4 At the time of making application for any extension of time, Architect shall submit evidence that all required insurance policies will be in effect during the requested additional period of time.
- 8.5 If the Architect fails to maintain such insurance, the District may, but shall not be required to, take out such insurance to cover any damages of the above-mentioned classes for which the District might be held liable on account of the Architect's failure to pay such damages, and deduct and retain the amount of the premiums from any sums due the Architect under this Master Agreement.
- 8.6 Nothing contained in this Master Agreement shall be construed as limiting, in any way, the extent to which the Architect may be held responsible for the payment of damages resulting from the Architect's operations.

- 8.7 Each of Architect's consultants shall comply with this Article, and Architect shall include such provisions in its contracts with them.
- 8.8 Insurance companies providing the above policies shall be legally authorized, licensed and admitted through the California Department of Insurance to engage in the business of furnishing insurance in the State of California. All such insurance companies shall have no lower than an "A-, VIII" in Best's Rating Guide and shall be satisfactory to the District.
- 8.9 Any failure to maintain any item of the required insurance may, at District's sole option, be sufficient cause

ARTICLE 11

COMPLIANCE WITH LAWS

- 11.1 Architect shall be familiar with, and Architect and Architect's design shall comply with all State and Federal laws and regulations applicable to the Project or lawfully imposed upon the Project by agencies having jurisdiction over the Project, including but not limited to statutes, decisions, regulations, building or other codes, ordinances, charters, prevailing wage law, and the Americans with Disabilities Act ("ADA") in effect at the time of this Master Agreement.

ARTICLE 12

TERMINATION OF AGREEMENT

- 12.1 Termination by District. This Master Agreement may be terminated or the Project may be canceled by the District for the District's convenience and without cause at any time immediately upon written notice to the Architect. In such event, the Architect shall be compensated for (a) all Basic and Additional services completed, and Reimbursable Expenses incurred, pursuant to this Master Agreement through the date of

ARTICLE 15

OWNERSHIP OF DOCUMENTS

- 15.1 All designs, plans, specifications, studies, drawings, estimates and other documents or any other works of authorship fixed in any tangible medium of expression, including but not limited to physical drawings, data magnetically or otherwise recorded on computer disks, or other writings prepared or caused to be prepared by the Architect pursuant to this Master Agreement shall be and shall remain the property of the District for all purposes, not only as they relate or may relate to this Project (including but not limited to any repair, maintenance, renovation, modernization or other alterations or revisions to this Project) but as they relate or may relate to any other project, provided that any invalidity of such ownership in relation to any other project shall not affect the validity of such ownership in relation to this Project (including but not limited to any repair, maintenance, renovation, modernization or other alterations or revisions to this Project) under Education Code Section 17316.
- 15.2 The Architect will provide the District with a complete set of reproducible designs, plans, specifications, studies, drawings, estimates and other documents or any other works of authorship fixed in any tangible medium of expression, including but not limited to physical drawings, data magnetically or otherwise recorded on computer disks in formats including both DWG and PDF, or other writings prepared or caused to be prepared by the Architect pursuant to this Master Agreement, and will retain, on the District's behalf, the original documents or reproducible copies of all such original documents, however stored, in the Architect's files for a period of no less than fifteen (15) years. Architect shall promptly make available to District any original documents it has retained pursuant to this Master Agreement upon request by the District.

ARTICLE 16

LICENSING OF INTELLECTUAL PROPERTY

- 16.1 This Master Agreement creates the original

out of or resulting from, in whole or in part, the re-use to the extent required by Education Code section 17316, subdivision (c).

- 16.3 Architect represents and warrants that Architect has the legal right to license any and all copyrights, designs and other intellectual property embodied in plans, specifications, studies, drawings, estimates or other documents that Architect or its consultants prepares or causes to be prepared pursuant to this Master Agreement. Architect shall indemnify, defend and hold the District harmless pursuant to Article 18.1 of this Master Agreement for any breach of Article 16 arising from, pertaining to, or related to Architect's negligence, recklessness or willful misconduct. The Architect makes no such representation and warranty in regard to previously prepared designs, plans, specifications, studies, drawings, estimates or other documents, or any other works of authorship fixed in any tangible medium of expression, including but not limited to physical drawings, data magnetically or otherwise recorded on computer disks, or other writings, that were prepared by design professionals other than Architect and provided to Architect by the District.

ARTICLE 17

ACCOUNTING RECORDS OF ARCHITECT

- 17.1 Architect's records of accounts regarding the Project shall be kept in accordance with generally accepted accounting principles. District has the right to audit Architect's records and files regarding any of the work Architect performed for District on the Project during or after the Project. District shall be given reasonable access to Architect's records and files for audit purposes within ten (10) days of receipt of District's request. Architect shall keep and maintain these records and files for ten (10) years.

ARTICLE 18

INDEMNITY

- 18.1 Architect Indemnification

To the fullest extent permitted by law, including California Civil Code section 2782.8, the Architect shall defend, indemnify, and hold harmless the District, the governing Board of the District, each member of the Board, and their officers, agents and employees ("District Indemnitees") against

18.2 District Indemnification for Use of Third Party Materials

DISTRICT:

Sacramento City Unified School District
Attn: Jessica Sulli, Contract Specialist

PROJECT AUTHORIZATION FORM

_____ (Project)

Date: _____

Pursuant to the Master Architect Agreement dated _____, _____ between _____ (name of firm) and Sacramento City Unified School District, Architect hereby submits a scope of work upon the terms described below and in the Master Architect Agreement.

TERMS

A. Project Description

"Project" shall mean the work of improvement and the construction thereof, including the Architect's services as follows:

[INSERT PROJECT DESCRIPTION]

B. Compensation

For the Basic Services provided pursuant to the Master Agreement and this Project Authorization, Architect shall be compensated in the manner identified below:

Hourly Rate/Not to Exceed

Architect shall be compensated according to its hourly rate schedule set forth in Attachment Two. Architect's total compensation for its Basic Services shall not exceed _____. Architect acknowledges that the not-to-exceed price for Basic Services includes contingency compensation in the event that more time and costs than originally anticipated may be necessary to complete the Basic Services.

Flat Fee

Architect shall be compensated _____ (\$_____) for the Basic Services under this Master Agreement. Architect acknowledges that the flat fee price for the Basic Services includes contingency compensation in the event that more time and costs than originally anticipated may be necessary to complete the Basic Services.

Percentage of Construction Cost

Architect shall be compensated no more than _____ percent (___%) [can include sliding scale percentages] of the final adjusted Project Construction Cost for the Project. Upon any adjustment (increase or decrease) to the Project Construction Cost as contemplated by Article 1.9 of the Master Agreement, excluding any increase made at such time as bids are received to make the Project

Construction Cost equal to the construction contract amount, the Architect's total compensation for Basic Services for the Project shall also be increased or decreased, including retroactively for Basic Services already performed and payments already made. Such adjustments may be effected by the District by either (a) adjusting any future payment due under the payment schedule immediately above, or (b) issuing a revision notice to Architect that either tenders any additional payment owed or demands reimbursement from the Architect of any overpayment to date.

C. Reimbursable Expenses

Pursuant to Section 4.3, Architect's total reimbursement for Reimbursable Expenses shall not exceed \$_____, which is Architect's estimate of the maximum total cost of Reimbursable Expenses on the Project.

D. Asbestos

The language identified in Section 5.7.15 is is not applicable to this Project.

E. Section 8.2

Consistent with Section 8.2, the following insurance shall be maintained by the Architect in full force and effect during the entire period of performance of this Agreement, including any extensions, and shall be written on an "occurrence" basis, with specific limits set forth: Commercial general liability insurance, excluding coverage for motor vehicles, shall be in amounts not less than \$1,000,000 general aggregate; Personal and advertising injury aggregate, with a per occurrence limit of \$1,000,000; Automobile liability insurance covering motor vehicles shall be in an amount not less than \$1,000,000 combined single limit.

District hereby authorizes Architect to proceed with the work upon the terms described herein and in Master Agreement.
